I wrote in celebratory terms about what I saw as the school's implicit affirmation of the school boys' same sex relationship.

Adaption of Microbial Life to Environmental Extremes: Novel Research Results and Application

Since the beginning of IQ testing around the time of World War I there have been observed differences between average scores of different population groups, but there has been no agreement about whether this is mainly due to environmental and cultural factors, or mainly due to some genetic factor, or even if the dichotomy between environmental and genetic factors is the most effectual approach to the debate.
